

Think Measles

Measles is **highly infectious** and can lead to complications, especially in **vulnerable, immunocompromised or pregnant people**.

Being in the same room as someone with measles for **more than 15 minutes** is a significant exposure.

Measles symptoms can include:

- High fever
- Sore, red, watery eyes
- Coughing and/or runny nose
- Small red spots with bluish-white centres inside the mouth
- A red-brown blotchy rash, which appears after several days.
